- Summary: An application that utilizes the Open Weather Map API to find weather information wherever the user chooses to search
- Role: Sole Developer
- CSS, Javascript, HTML, Open Weather Map API

Experience

Office Professional | Ann Arbor Pioneer High School | Ann Arbor, MI | February 2020 – Present
- Collaborate effectively with administration to develop a smooth transition for supply distribution during the pandemic, ensuring minimal impact on student learning. This system has since been adopted and implemented throughout Ann Arbor Public Schools.
- Demonstrate a strong sense of personal accountability with minimal supervision and independent judgment during the pandemic's remote work environment by completing tasks efficiently and on/ahead of schedule.
- Independently reimagine the process in which supplies for 2000 students are organized, collected, and stored ensuring data is properly tracked and applied.
- Selected by the administration to provide assistance and support in multiple school-wide initiatives often with tight turnarounds and limited resources such as Senior Checkout week.

Portfolio: **New Portfolio Will Go Here**

Contract Technical Writer | National Sanitation Foundation (NSF) | Ann Arbor, MI | March 2021 – May 2022

- Independently managed the execution and delivery of technical writing projects for clients of NSF, providing detailed documentation and ensuring all NSF standards are adhered to.
- Communicated and collaborated effectively with the NSF auditing team regarding work assignments from conception to completion.
- Consulted and managed security projects from infancy to completion.
- Fostered relationships with both external clients and internal mentors.
- Created my own independent LLC to manage contracts and payments.

Education

Certificate in Fullstack Development

Michigan State University   **East Lansing, MI 2023**

Bachelor of Arts in Sport Management

University of Michigan   **Ann Arbor, MI 2019**
